EVENT PROGRAM

PLATFORM PREVIEW

PLATFORM PREVIEW

6-7 OCT

LOBBY

0900-1700 CET

Make a big entrance, watch our welcome video and take a look around. If you have any early questions, our Help Desk team will be pleased to support you.

LECTURE CINEMA

0900-1700 CET

Watch new presentations on a range of expert topics: from oil and gas market trends to materials selection, reducing emissions and improving turbine efficiency.

TRAINING ZONE

0930-1600 CET

Learn tips and tricks to boost efficiency, productivity and safety. Includes sessions on sealing, instrumentation, hose and piping solutions.

EXHIBITION HALL

0900-1700 CET

Explore our virtual booths, review the latest technology solutions, browse products and get expert, friendly advice.

NETWORKING LOUNGE

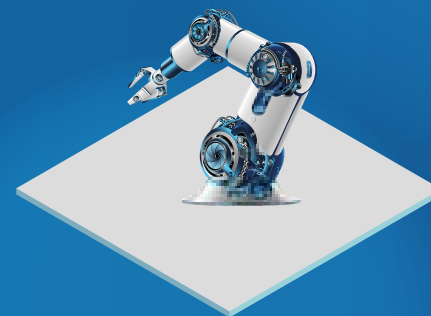

0900-1700 CET

Network with new industry contacts, browse the speaker schedule or chat with one of our presenters in the lounge area.

INNOVATION ZONE

0900-1700 CET

Browse around our innovation space, dedicated to the latest Parker technologies, applications and product news.

LIVE TRAINING ZONE AGENDA

The dedicated Training Zone features six breakout rooms, with live presentations from friendly and knowledgeable speakers across both days.

As you enter the training space, you'll see a list of all presentations to the left of the screen. Or view the full training schedule for the latest speaker information, abstracts and session times.

IMPORTANT NOTE:

All sessions are limited to a maximum of 50 people and entry is 'first come, first served'. So please arrive early if you want to attend a specific session.

TRAINING TOPICS

SAFETY CONSIDERATIONS FOR INSTRUMENTATION CONNECTIONS

Presenter: Dave Edwards, Product Manager, Fittings

INSTRUMENTATION USE WITH HYDROGEN APPLICATIONS

Presenter: Gary Wain, Product Marketing Manager, Piping

HOSE PRODUCTS FOR OIL AND GAS APPLICATIONS

Presenter: Christian Wacker, Senior Product Manager, Hose Products

NEW PRODUCT PREVIEW: INTRODUCING PARKER'S V16 VARIABLE BENT AXIS MOTOR

Presenters: Christian Bengtsson, Product Leader, Variable and Fixed Motors
Henrik Bjorklund, Product Support, Variable and Fixed Motors

ACHIEVING LEAK-FREE CONNECTIONS: A GUIDE FOR END USERS AND ASSEMBLY SPECIALISTS

Presenter: Philip Ingate, Training Manager

HOW TO BUILD SAFE AND RELIABLE TUBE CONNECTIONS/COMPLETE PIPING SOLUTIONS

Presenters: Ramiz Selimbasic, Project Manager, Piping
Rasim Berk Sucuoglu, Product Support

HOW INTEGRATED TUBE CONNECTIONS CAN IMPROVE SAFETY, CUT COSTS AND LOWER EMISSIONS

Presenter: Spencer Nicholson, Product Manager, Manifolds

CUSTOMER-LED ADVANCES IN PROCESS TO INSTRUMENTATION PRODUCTS

Presenter: Jim Breeze, Product Manager

LECTURE CINEMA: NEW, ON-DEMAND TECHNICAL PRESENTATIONS

The Cinema space gives you access to new, on-demand presentations from expert speakers, including special guests from the oil and gas industry.

If you're interested in a particular topic – such as routes to carbon zero, or materials selection – you can filter the choices available online. Otherwise, simply search all lectures to see the full list.

IMPORTANT NOTE:

The topics shown right are just a selection from our event listings. Please visit the cinema to browse the complete range of lectures available.

CINEMA LISTINGS: PREVIEW

EXPLORING FUTURE OPTIONS TO CONNECT AND TRANSPORT ENERGY

Presenter: Arne Martin Aanerud, Technical Marketing Manager, Nexans

OIL & GAS MARKET UPDATE: UK, EUROPE & MENA FOCUS

Presenter: Diveena Danabalan, Senior Energy Analyst & Strategic Relationship Manager, Oil & Gas, Energy Industries Council

MANAGING CRITICAL ASSETS TO INCREASE COMPLIANCE, SAFETY AND UPTIME

Presenter: Scott Kane, Program Manager, Digital Products

IMPROVING GAS TURBINE OPERATIONAL EFFICIENCY: THE IMPACT OF INLET AIR FILTRATION

Presenter: Peter McGuigan, LNG Marketing Manager

WHEN IS IT BENEFICIAL TO SPECIFY NON-COMMERCIALY AVAILABLE MATERIALS?

Presenter: Clara Moyano, Innovations Engineer, Materials Science

HOW DIGITALIZATION CAN SIMPLIFY CAPITAL PROJECTS AND LEAD TO BETTER TECHNICAL AND FINANCIAL OUTCOMES

Presenter: Nicolas Villemain, Global Capital Projects Manager

CORROSION AND CORROSION RESISTANCE ON STEEL COMPONENTS

Presenter: Dr Philipp Wagener, Metals Innovation Center Manager

EXHIBITION HALL: NEW SOLUTIONS AND EXPERT ADVICE

The Exhibition is a virtual trade show area, with five booths dedicated to helping you solve key oil and gas challenges:

Feel free to browse new technologies, chat with our booth teams and get project or product advice from Parker experts. You'll find presentations, videos, product information and more to browse on the platform, or save/download for later.
